# WELCOME

to the

# Made in Missouri Leadership Awards & Appreciation Event

September 29, 2016

Dear Guests,

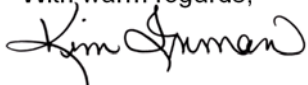

It is my pleasure to welcome you to Missouri Association of Manufacturers (MAM) **2<sup>nd</sup> Annual Made in Missouri Leadership Awards**. This event was developed to honor manufacturing companies and individual leaders who are shaping our future and growing manufacturing in Missouri. We take special note of the adversity that manufacturers face daily and will recognize those who excel in spite of those adversities.

Daily, manufacturers face new regulations, workforce needs, technology advancements, logistics restrictions, production gaps and many more issues. As the MAM Staff continue to understand these issues, the relationship between MAM's Staff, Members, Partners, Consultants and Alliances take on a more important role every day. Our Allied Network Partnerships provide MAM with access to experts with primary goals to address the needs of manufacturers through: education and training, custom designed programs, benefits designed to lower cost, and funds to provide networking. Alliances bring education, grants, funding and other types of information to offset the costs and loss in manufacturing. It is critical that we collaborate together and unite to grow manufacturing in Missouri. The MAM Team is committed to building an exceptional and productive organization focused on preserving, promoting and advancing manufacturing in Missouri. *"Competition makes us Faster, but Collaboration makes us Better."* When we work side by side to accomplish a goal, we collaborate and become **Stronger Together**.

Again, thank you to all who have continued to support the organization that is built for you, Missouri Association of Manufacturers. We are stronger when we work together as a team.

Congratulations to our 2016 Made in Missouri Leadership Award recipients!

With warm regards,

Kim Inman  
Chief Executive Officer  
Missouri Association of Manufacturers.

"Coming together is a beginning, staying together is progress, and working together is success." - **Henry Ford**
