# HEALTHSOURCE

Missouri Association of Manufacturers

Affordable health insurance and discounted health and wellness services for Missouri manufacturers.

## MAM HEALTHSource Partners

# What is MAM HEALTHSource?

The Missouri Association of Manufacturers (MAM) led the way for all Missouri manufacturers to have access to affordable health insurance with robust benefits through a collective group purchasing effort.

MAM HEALTHSource (MAMHS) provides employers with competitive, high-quality group insurance products and benefits. It is a "Voluntary Employee Beneficiary Association" within a 501(c)(9). MAM's agent oversees the billing and eligibility processes, while the health insurance provider has sole discretion on all claim payments.

## Additional Offerings...

### Disability Income

An accident or illness can put a valuable employee out of work for months. Having an income provided to that employee would be a big relief.

### Accident

Off the job accident coverage, wellness & outpatient benefits built-in, and a rich benefit payout for accidental injuries

### Vision

Both VSP & EyeMed vision plans may be offered

### Dental

Select up to 2 of the 3 dental plan options to offer your employees

### Lasik & Hearing

Choose from two LASIK & hearing plan options

### Critical Illness

Pays a lump sum benefit for the diagnosis of a critical illness such as heart attack, stroke, cancer & many more

### Whole Life

GWL is a cash building whole life with a guaranteed rate and face amount. GWL is a great way for your employees to lock in permanent life insurance without the hassle of health questions & underwriting

## Is My Company Eligible?

Participation in MAMHS is reserved for Missouri based Manufacturers, that are MAM Members in good standing, with a minimum of two (2) or more full-time eligible employees. All Missouri Manufacturers are invited to inquire. Coverage is available to MAM Members and must be maintained to meet the eligibility requirements of MAMHS.
